"Fluent Voices, Fearless Minds" is a dynamic teacher training workshop designed to redefine the approach to teaching speaking skills. In this interactive session, teachers will explore creative, playful, and engaging activities designed to improve student interaction and boost confidence. With contributions from our renowned teacher training courses, the workshop provides hands-on experience with innovative methods and practical application, offering an invigorating opportunity for teachers to connect with fellow colleagues, access valuable resources, and reshape their classrooms into centres of spontaneous and confident communication. Join us to empower your students, cultivating a culture where they speak with confidence and enthusiasm!
