

Share your opinion with your partner and express a numerical evaluation (from 1 to 5) of the work of the other couple: 5 is the maximum, 1 is the minimum.

Then motivate your idea, **using the given structure.**

1. Do you like this invented object?

1	2	3	4	5
---	---	---	---	---

**I like/don't like it because...**

2. Do you think this object is useful?

1	2	3	4	5
---	---	---	---	---

**I think this object is/isn't useful because...**

3. In your opinion, is the chosen material adequate?

1	2	3	4	5
---	---	---	---	---

**In my opinion the material used is adequate/isn't adequate. I would have used...**
