

# Liceo Artistico A. Vittoria Trento CLIL Crazy Shoes As 2020-2021

## Crazy Shoes (introduction)

**Tasks 1:** ➤ **Shoes - Research an artists to find out about their work**

➤ **Draw examples of their work**

**From an interview with Lisa Milroy...**

Black, polished, dancing shoes (scarpe da ballo nere lucide)

or

Shiny black dancing shoes (lucide scarpe da ballo nere)

**A canvas of black-shiny women's shoes** (she obviously likes painting black-shiny things)

**Una tela di scarpe da donna nere lucide** (ovviamente le piace dipingere cose nere lucide)

But a painting of a shoe is also the idea of a shoe.  
Ma il dipinto di una scarpa è anche l'idea di una scarpa.

Milroy **has placed them** (naturally enough) in pairs,  
Milroy **le ha messe** (abbastanza naturalmente) a coppie,

each different, different in relationship to each other,  
ognuna diversa, diversa in rapporto tra loro,

toes together,  
dita unite,  
apart,  
a parte,

seen from above,  
viste dall'alto,  
from the side,  
di lato,

one on its side, one on its sole, shoes engaged in

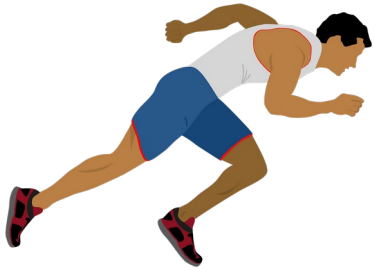

una su un fianco, una sulla suola, scarpe impegnate in...

shoe-talk, shoe-touch, shoe-love.  
scarpette , tocco di scarpa, amore di scarpa.

Quick-quick,  
Veloce veloce,

slow ... slow ....  
lento ... lento ...

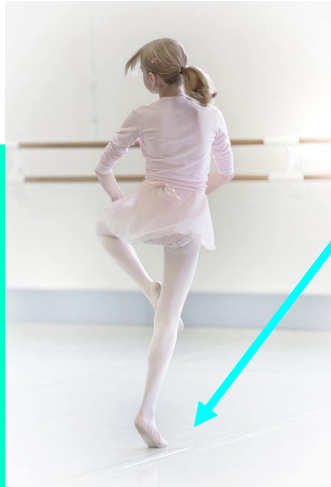

Shoes are feet.  
Le scarpe sono piedi.

Feet dance. Shoes dance. Objects have a life of their own.

Danza dei piedi. Scarpe da ballo. Gli oggetti hanno una vita propria.

CLICCA PER ASCOLTARE  
LA PRONUNCIA

A canvas of black-shiny women's shoes (she obviously likes painting black-shiny things)

But a painting of a shoe is also the idea of a shoe. Milroy has placed them (naturally enough) in pairs, each different, different in relationship to each other, toes together, apart, seen from above, from the side, one on its side, one on its sole, shoes engaged in shoe-talk, shoe-touch, shoe-love.

They're always the same shoes, or at least the same design of shoe. Quick-quick, slow ... slow ... Shoes are feet. Feet dance. Shoes dance. Objects have a life of their own.
