

**Distance Learning Lesson:** *Extract from “Why would anyone want to make fish glow?” Video (until minute 2:52)*

**Pre-viewing Group task: MODEL ORGANISMS - Internet Search Activity**

*Everyone has to take part in the investigation and can help write the text cooperatively*

*Not only Wikipedia:* Write a suitable definition of “**model organism**” without using Wikipedia as a source. Compare at least two different sources to answer the task and specify your references in brackets.

**Write a number of your choice between 111 and 999 at the beginning of the answer, to identify your group**

Example: 486: An organism suitable for... A model organism is... Model organisms are...
