

Unit 3: urbanization and its problems

Homework 16

1. Look at this map:

Share of urban population living in slums, 2014

A slum household is defined as a group of individuals living under the same roof lacking one or more of the following conditions: access to improved water, access to improved sanitation, sufficient living area, and durability of housing.

- What does it show?
- In which continent can you find more slums?
- Why can you find more slums in this continent?
.....
- In which continents can you find less slums?
- Why can you find less slums in this continents?
.....
- Do you think there are more differences between the N and S or W and E part of the world?
