

# Unit 1: the city

---

## 5th lesson

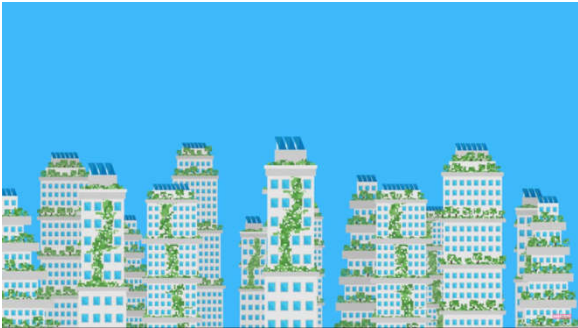

- 10' – review of the previous lesson. Correction of homework

What is a garden city? What shape does Brasilia have? Go on with the examples.

- 10' – watching the video and listening to the rules of the following activity

To introduce the main theme of this lesson, the teacher shows to the student the following video about the creation of the best city ever:

[https://www.youtube.com/watch?v=0GwINxSIMFs&ab\\_channel=LifeNoggin](https://www.youtube.com/watch?v=0GwINxSIMFs&ab_channel=LifeNoggin)

How can you create a perfect city? What do you need to make it **the best city ever**?

Take a sheet of paper, pencils, markers and draw it. Give your city a name, think of all the facilities and don't forget to imagine parks, gardens and places of fun. In the next lesson, you will present your city to the rest of the class.

- 40' – build your ideal city

Free your imagination and imagine the perfect city.

As a homework assignment, you will complete your project.
