

# LITTLE DROP LITTLE DROP

Little drop, little drop

where are you, where are you?

I'm in the sea, I'm in the sea.

Look at me! Look at me!

Little drop, little drop

where are you, where are you?

I'm in the sky, I'm in the sky.

I'm vapour now! I'm vapour now!

Little drop, little drop

where are you, where are you?

I'm in the cloud, I'm in the cloud.

I'm liquid now! I'm liquid now!

Little drop, little drop

where are you, where are you?

I'm in the rain, I'm in the rain.

I fall down again! I fall down again!

Little drop, little drop

where are you, where are you?

I'm in the sea, I'm in the sea.

Look at me! Look at me!

Little drop, little drop

where are you, where are you?

I'm in the sea, look at me!

I'm in the sky, I'm vapour now!

I'm in the cloud, I'm liquid now!

I'm in the rain, I fall down again!

I'm in the sea, look at me!
