

1) PLANT A TREE

FRONT OF THE SHEET

- 1) By planting 20 million trees the Earth and its people will be provided with 260 million more tons of oxygen. **T or F**
- 2) Trees absorb a considerable amount of sound, so planting trees means reducing noise pollution. **T or F**
- 3) Italy has just set the World Record for most trees planted in a day. **T or F**

BACK OF THE SHEET

FALSE ANSWER IS NO.3! It's not Italy that won the record; it's Ethiopia the country where 350 million trees were planted in just 12 hours.

2) PICK UP TRASH

FRONT OF THE SHEET

- 1) About 2% of fast-food packaging ends up as litter. **T or F**
- 2) Litter is a huge problem for our environment but it doesn't cost money for our governments. **T or F**
- 3) 81% of littering is done intentionally. **T or F**

BACK OF THE SHEET

FALSE ANSWER IS NO.2! Litter on our streets forces local authorities to not use public money for other public services like school and roads. We are all paying for the cleaning up after our litterers.

3) WALK, CYCLE, OR USE PUBLIC TRANSPORT

FRONT OF THE SHEET

1) Cycling or walking instead of driving helps protect the environment and your life. The reduction of vehicle emissions helps people live longer and healthier lives. **T or F**

2) Riding a bike is more expensive than driving a car. **T or F**

3) Moderate exercise makes immune cells more active, so they're ready to fight off infection. **T or F**

BACK OF THE SHEET

FALSE ANSWER IS NO.2! The annual cost of riding a bike is approximately 300 €, while the annual cost of driving a car is approximately 8.500 €.
